DETAILED ACTION

1. According to paper filed on July 9, 2008, the applicants have amended claims 1 and 4-6 and furthermore, have added new claims 8-11.
2. Claims 1-6 and 8-11 are pending in the application. Claim 7 remains withdrawn as being directed to non-elected invention.

Response to Arguments

3. Applicant's arguments filed on July 9, 2008 have been fully considered but they are not persuasive regarding prior art and ODP rejections. The applicants have amended claims to overcome written description and indefiniteness rejections. In regard to prior art rejection, the examiner does not agree with the applicants arguments that the cited reference does not anticipate the instant claims. Both the cited reference and the instant claims are directed to an organic electroluminescent or organic light-emitting devices comprising instant compounds and therefore, the organic light-emitting device comprising compounds of the cited reference do anticipate the instant claims. In regard to ODP rejections, the applicants mention that in view of amendments to claims, the ODP rejections have been overcome. The applicants have amended claims to include specific values of variables R13-R15, R21-R23, R31-R37 and R41-R48 rather than substituents and therefore, it is not clear how these amendments have overcome ODP rejections. The applicants have not provided any explanation in their response. In regard to objection of claims 1-5 and newly submitted claims 8-10 for containing non-elected subject matter, the election was without traverse. Therefore, claims must be amended to read upon the elected group.

Conclusion

4. The rejection of claims 1-6 and 8-11 under 35 U.S.C. 102(a) is maintained for the reasons of record.
5. All ODP rejections are also maintained for the reasons of record.

6. The objection of claims 1-5 and 8-10 for containing non-elected subject matter is maintained for the reasons of record.

7. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
